

HOST A HOCKEY PLAYER(S)

The Seahawks JR A | U18 Hockey teams are looking for host families for the 2018-19 season. The Seahawks Hockey Club is a 501-C3 Non-Profit organization, giving student athletes an opportunity to play at the collegiate level.

These players come from all over the country / world and are great role models to our youth. We are very proud of the young men that have helped establish our teams in the community in our first season, from attending youth practices, elementary school and being top notch employees in the community.

Our players work, attend college class, attend local high school and are put in the community to be leaders. The players are under very tight rules and curfews, as well as daily work outs, practices and games.

Each billet family will receive a monthly stipend per player they host, for room and board.

As a billet family, you are helping a young man in the route to his future as a hockey player and person. We encourage you to call or email questions to Billet Coordinator Tara Graham: tjokie49@yahoo.com

If you are a family that has already opened their doors, we would like to thank you personally for helping us this year. We hope it has been an enjoyable experience for you and the family. Our players are very grateful for the hospitality and care you have shown. * Please note if you are requesting a specific player(s) for the 18-19 season.

We are excited to enter our second season on Cape Cod, Ma and help more players to the next step in their personal and hockey careers. You as a billet family are a huge reason for that success.

Thank You -
